

Connecting World Wide
University of Lethbridge & Lethbridge College

One of the great joys of chaplaincy is meeting students from around the world. Two years ago Tami arrived at Lethbridge College from Bolivia. It was a big move and she was pretty overwhelmed. The day we met though happened to be the day volunteers from Christ Trinity Lutheran were on campus helping with the student elections. I introduced Tami to Yvonne and just like that Tami had a Lethbridge family! The two years have flown by and this April she graduated. Yvonne and her husband Dick and I were very blessed to meet Tami's family who had come from Bolivia for convocation and now have an open invitation to go down to visit with them there! !

In the last couple of years our chaplaincy community has also included students from India, Mexico, Nigeria, Brazil and Australia. What a joy for us to be able to extend hospitality to students from far away. And oh how they enrich our community!
