

## Introducing our Executive Director:

Hello Friends and Family of Mulhurst Camp

You may have already heard the good news – we have a new Executive Director! Sheryl Stone was one of many applicants to the position and impressed us with her extensive resume and her thoughtful interview. We welcome her into our camp family and look forward to working with her and experiencing all that she will bring to this special place.

What a time for Sheryl to have come on board, with all of the uncertainty that this pandemic has created in society and for the camp this summer. However, in spite of this, Sheryl has been working creatively and flexibly as she prepares for the summer and beyond, whatever that holds. Sheryl comes to us with a background rich in experience and knowledge.

She is a graduate of the University of Alberta with a Bachelor of Arts Degree in Recreation and Leisure Studies, concentrating in Special Populations. (Recreation Therapy). Interactions and relationships with others have always been essential for Sheryl. In the short time we have worked with her in this role, she has demonstrated her ability to observe keenly, solve, prioritize and manage complex problems creatively, communicate clearly and tactfully, recognize the contribution of team efforts, motivate others to work toward a common goal, and establish trusting relationships with others. Sheryl, along with her husband and four children, live on a farm west of Wetaskiwin where they grain farm and raise purebred Simmental cattle. They attend St. Peter's Church in Pipestone.

At the same time that the Board is excited to be working with Sheryl, she is also excited for this role and what we all can accomplish together. In her words: *"Seventy-five years ago, individuals set out to create this place of peace, friendship, spirituality and connection with nature and each other, in a "place in the son." I hope to continue to build on that vision as we take a journey into the next 75 years! This opportunity to be a part of this camp, working alongside so many great people has me confident that we can continue the Mulhurst Camp legacy for the next 75 years and more!"*

If you would like to personally welcome Sheryl or connect with her about anything camp related, email her at, [executivedirector@mulhurstcamp.ca](mailto:executivedirector@mulhurstcamp.ca), She would love to hear from you.

Please take care of yourselves in this time, check our website regularly for updates, particularly about this summer, and as always continue to keep us in your prayers. A Place in the Son!
